

Genuine Zebra® ribbons

The perfect companion for your Zebra printer.

Zebra quality

Zebra offers ribbons that are designed specifically for use with Zebra labels, in Zebra printers. No other supplier knows Zebra printers like us! Each ribbon must pass a series of strict tests before it can become a genuine Zebra-branded ribbon. So you can rely on Zebra to supply ribbons of the best-possible quality – every time!

Zebra service

Supplying many million square metres of ribbon annually to the EMEA market, Zebra offers many service benefits to its partners. Around 140 different ZipShip ribbon items specifically for Zebra printers are available from stock. Whether resin ribbons for your G-Series™ printer or 900-metre-long wax ribbons for your PAX™ engine, these and all the standard sizes in between are in stock for fast delivery.

Zebra price

As the largest buyer of ribbons globally, Zebra uses its purchasing power to offer competitive pricing across the whole stocked range. With Zebra's quality and service, and a minimum order of just one box, why pay more elsewhere?

For the most up-to-date prices, download the ZipShip price list from www.accesszebra.com. All items on the price list are in stock, with a minimum order of just one box.

Introducing the Zebra ribbon range

Wax ribbons

2300

A pure wax ribbon featuring excellent print quality on a wide range of coated and uncoated papers. Print speeds of up to 250mm/sec (10ips) can be achieved on Zebra label material. The 2300 ribbon is a perfect low-cost choice for general-purpose label printing.

2100

A resin-enhanced wax ribbon featuring excellent print quality on a wide range of coated and uncoated papers. Print speeds of up to 300mm/sec (12ips) and 200mm/sec (8ips) for rotated bar codes can be achieved. Superb small-font printability and superior abrasion resistance make the 2100 ribbon ideal for logistics and retail applications.

Wax/resin ribbons

3400

A high-performance wax/resin ribbon featuring excellent print quality on Zebra coated and uncoated papers as well as many matt synthetics. Print speeds of up to 200mm/sec (8ips) can be achieved even with rotated bar codes. With good abrasion-resistance and some chemical resistance, the 3400 provides an economical solution for many industrial and retail applications. The 3400 ribbon is UL-recognised* when used with Zebra's Z-Xtreme™ 4000 labels.

3200

A premium wax/resin ribbon featuring outstanding print quality on a wide range of Zebra papers and synthetics. Print speeds of up to 250mm/sec (10ips) can be achieved, even with rotated bar codes. With resistance to smearing and abrasion as well as to many everyday chemicals and solvents, the 3200 offers excellent print durability in harsh environments. The 3200 ribbon is UL- and CSA-recognised* when used with Zebra's Z-Xtreme 4000 labels.

Resin ribbons

4800

A high-quality resin ribbon featuring excellent print quality, particularly suitable for printing dense bar codes and high-resolution graphics. Print speeds of up to 150mm/sec (6ips) can be achieved using Zebra labels. With excellent resistance to abrasion and chemicals, the 4800 ribbon is ideal for use in harsh outdoor environments as well as in industrial and automotive applications. The 4800 ribbon is UL- and CSA-recognised* when used with Zebra's Z-Ultimate® 3000 and Z-Xtreme 4000 labels.

5095

A high-performance resin ribbon featuring excellent printability and image durability. Print speeds of up to 150mm/sec (6ips) can be achieved with Zebra synthetics, even with very small fonts. With excellent resistance to abrasion, extreme temperatures and chemicals, the 5095 ribbon is ideal for use in harsh outdoor environments and applications involving chemicals. The 5095 ribbon is UL- and CSA-recognised* when used with Zebra's Z-Ultimate 3000 and Z-Xtreme 4000 labels.

5100

A premium resin ribbon featuring excellent print quality and durability in the harshest applications. Print speeds of up to 150mm/sec (6ips) can be achieved using Zebra synthetics. With excellent resistance to extreme temperatures, chemicals and solvents, the 5100 ribbon may be used in place of a laminated label and in applications such as printed circuit board labelling. The 5100 ribbon is UL- and CSA-recognised* when used with Zebra's Z-Ultimate 3000 and Z-Xtreme 4000 labels.
